

Seein Her

Paul Westerberg

In my dreams, I'm seein' her
In his jeans, I'm seein' her
Yeah, it's true, makin' love to you
I'm seein' her

Everything about her, I like everything about her
I like everything about her
Seein' her

In headlight beams, I'm seein' her
In my dreams, I'm seein' her
Shadows she throws--and no one knows
I'm seein' her

He doesn't want you to share
He wants to play Romeo and Juliet? I'll play Peter Pan!

Owed you the truth, and so I swear it
Yeah I want you too and I just can't bear it
Better soon, I'm seein' her
In the afternoon, I'm seein' her

It's funny, it's true--I'll be seeing you
I'm seein' her
I can't believe it's her
Seein' her
