

# Whisper Me Luck

Paul Westerberg

Whisper me luck  
Stars watch over us  
After all lonely,  
After us,  
Whisper me luck.

Well, the wind will remember our ways.  
Now is always, then is then.  
Love you alone,  
You love mine.  
When the morning comes,  
We'll run for the pines.

Whissss...  
Whisper me luck  
Stars watch over us.  
After all lonely,  
After us,  
Whisper me luck.

While apart,  
On a now or never night  
We made it through another day  
We got away  
Only to wish forever  
And this is not enough...

Whisper me luck  
Stars will watch over us.  
After all lonely,  
After us,  
Whisper me luck.

I spoke to the moon,  
Weep in the forest,  
Smell right here,  
That's where you'll live.  
My love is like your love for mine,  
When the moment comes,  
We'll run for the pines.

Whisper me luck  
Stars will watch over us.  
After all we're lonely,  
After us,  
Whisper me luck.

Whisper me luck.  
Whisper me luck.  
Whisper me luck.  
Whisper me luck.  
Whisper me luck.
