

# Baby Don't Change Your Mind

Paul Young

Your ex is back in town  
What you gonna do when she comes around  
And she starts to do her act  
Will she make you change your act  
Will your love for me remain intact  
Or will you run to her  
Baby my love is on the line  
Baby don't change your mind  
Don't change it  
Be strong and leave the past behind  
Baby don't change your mind  
Don't change it, don't change it  
You say your love is true  
Whatcha gonna say when she looks at you  
Will the seconds in your head  
Make you take back the thing you said  
Will you give me real despair  
Or will you stay with me  
Baby my love is on the line  
Baby don't change your mind  
Don't change it  
Be strong and leave the past behind  
Baby don't change your mind

Don't change it, don't change it  
I will exit and take a bow  
But I don't want to do it now  
So I'm thinking someday somehow  
Baby you'll stay with me  
Baby my love is on the line  
Baby don't change your mind  
Don't change it  
Be strong and leave the past behind  
Baby don't change your mind  
Don't change it, don't change it  
You know she's not the staying kind  
Baby don't ya change your mind  
Don't change it  
You know my love is genuine  
Baby don't change your mind  
Don't change it  
Baby my love is on the line  
Baby don't change your mind  
Don't change it  
Be strong and leave the past behind  
Baby don't change your mind  
Don't change it, don't change it
