

# Love Won't Let Me Wait

Paul Young

The time is right, you hold me tight  
Love's got me high  
Please tell me yes, don't say no  
Honey, not tonight  
I need to have you next to me  
And always the one  
And I refuse leave 'till I see the morning sun  
Creep through your window pane  
'Cause love won't let me wait  
Not one minute baby  
The time is right to never lie  
Take my hand  
We'll take a flight and spend a night  
In wonderland now move a little closer to me  
You owe it to yourself and I will selfishly  
Take a little for myself  
And it's because of you  
That love won't let me wait oh no girl  
I need your love so desperately  
And only you can set me free  
When I make love to you  
We'll explode in ecstasy  
And I won't take the blame  
That love won't let me wait  
I just got to see you again baby  
Oh don't you know  
I won't ever be with anybody like you  
You know that's true baby
