

## Wasting My Time

Paul Young

I waste my time waiting for answers  
When I could have been taking more chances  
But why should I try? - You'd still pass me by...  
All of the time I can't help but hold back  
Thinking about the answer you might have  
Thinking that I wait for 'goodbye'...  
Am I waiting for my time or will the sun shine thru?  
Will it all come to light when I come to know you?  
Will you have faith in me, have much more than I do?  
Or am I wasting time?  
My inner strength is your gift of gladness  
Help me to love my permanent sadness  
Thinking that I wait for 'goodbye'...  
Am I wasting my time or will the sun shine through?  
Will it all come to light when I come to know you?  
Will you have faith in me, have much more than I do?  
And will you - stay?
