Paula Cole

Carmen, I don't know, I don't know, I don't know if I can go back

Carmen I'll never be never be never be the same again

Carmen

The way you set the table

The way you lean to tell me something soft

The way I can see into you

The way you tell me I talk too much about myself

It's true I talk too much about myself But right now, right now

all I wanna talk about is you now

Carmen, I don't know, I don't know, I don't know if I can go back

Carmen I'll never be, never be, never be the same again

Carmen

I love the way you think

Is it biological or all the acid

You've eaten

Just take me into your body

I wanna be drunk I wanna be high

I wanna be drunk I wanna be high on you

Carmen, I don't know, I don't know, I don't know if I can go back

Carmen I'll never be, never be, never be the same again

Carmen

I don't know I don't know I don't know

I don't know I don't know I don't know

if I can go go go go go go go go back home

I don't know I don't know I don't know

I don't know I don't know I don't know

If I can be (happily sane) again
