

Wanna Be With You

Paula DeAnda

Ooh, ooh, yeah, yeah, yeah
I know that you wanna talk about it
But I gotta put it in your mind
I feel like we've been going through this story a thousand times
I feel like we've been going around and around in circles
Ooh why, we gotta put this behind us, yeah, yeah

Baby, listen to me, please don't walk out that door
'Cause if you ever leave me
I'd be lost, I'd be going crazy (I go crazy)
'Cause I don't want nobody else (no, no)
I just wanna be with you (with you)
You're the only one who completes me baby
You're the one who makes me whole

Why is it that everytime I looked in your eyes (looked in your eyes)
I see something wrong, insecurity
When all along I was trying make it right (make it right)
Keep us going strong, and loving you faithfully

Baby, listen to me, please don't walk out that door
'Cause if you ever leave me
I'd be lost, I'd be going crazy (I go crazy)
'Cause I don't want nobody else (nobody, no, no)
I just wanna be with you
You're the only one who completes me baby
You're the one who makes me whole

Ooh, baby
'Cause I don't want nobody else (nobody else, no, no)
I just wanna be with you (be with you)
You're the only one who completes me baby
You're the one who makes me whole (makes me whole)

Hahaha, let me holla, girl
Girl you're messing with a player
And a player will probably play ya
But a player thinks he's sticking with you
(I'm sticking with you)
Not a streets-create, so much distrust
That I'd probably redirect it to you
Now I ain't trippin'
We can kick it in the morning (yeah)
We can make it in the evening (yeah)
Stroll through the park with the Cali smoke grievin'
Believe it, I wouldn't even leave you for nothin'
That's why I'm man enough to say my feelings I ain't finding

Let's go on the road to the end of the sunshine
I'ma forget about your past, hoping you forgot mine
I'd be focus on my grind, you'd be trying to hold me down
I told you I'd be your boy
Come on, baby girl, let's ride (let's ride)

'Cause I don't want nobody else (no, no)
I just wanna be with you (with you)
You're the only one who completes me baby

You're the one who makes me whole

(I just wanna be, I just wanna be, I just wanna be with you, no, no)

'Cause I don't want nobody else

I just wanna be with you

(I just wanna be, I just wanna be, I just wanna be with you)

You're the only one who completes me baby

You're the one who makes me whole (you're the one that makes me whole)

'Cause I don't want nobody else (I don't want nobody else)

I just wanna be with you

(I just wanna be, I just wanna be, I just wanna be with you)

You're the only one who completes me baby

You're the one who makes me whole
