

# Don't Say Goodbye

Paulina Rubio

The circle of the moon  
The rising of the sun  
We'll be together soon  
Our story's just begun  
Time will bring us near  
I'll never be too far  
Oh, baby, don't you fear  
I'll always be where you are

You can dry my tears  
But you can't stop the pain inside  
I'm trying to hide  
As I hold you near  
I know I have to pull away  
You know that I can't stay  
All of my life  
No one has touched me the way that you do  
Wherever I go  
I know that the road will lead back to you

So don't say goodbye  
Don't turn away  
It doesn't have to end today  
Don't say goodbye  
'Cause I will love you 'til the end of time

Don't say goodbye  
Can you feel my love inside  
The way that my body's sighing  
With your every breath  
I try to memorize  
Every move you're making  
So I'll never forget  
The way that you feel  
Whenever your heart is beating with mine  
Wherever I go  
I'll keep my memories of you inside

Don't say goodbye  
We'll never be apart  
We'll see the same stars  
Just close your eyes  
And I'll be where you are

Don't say goodbye  
'Cause if you say that word  
My heart won't survive

Don't say goodbye

The circle of the moon  
The rising of the sun  
We'll be together soon  
Our story's just begun  
Time will bring us near  
I'll never be too far  
Oh, baby, don't you fear

I'll always be where you are
