

# Not That Kind Of Girl

Paulina Rubio

I know you're gonna change the way you think of me  
And so, I'm gonna show you how it supposed to be  
I'm gonna finally make you see  
I'm gonna make you learn your lesson with me

Cause I'm not the kind of girl who will lay down at your feet  
Pedal back for your love, come whenever you call me  
And I won't wait around, and I won't be your shadow  
Lost in a world.....Cause I'm not that kind of girl

You don't even know what love is all about (You don't know what  
it's all about)  
I won't hang around til you figured it out (Figure it out)  
I'm gonna finally make you see  
I'm gonna make you learn your lesson with me

Cause I'm not the kind of girl who will lay down at your feet  
Pedal back for your love, let you win every battle  
Just to keep you around, just to make you feel better  
You can be sure.....  
That I'm not the kind of girl who will lay down at your feet  
Pedal back for your love, come whenever you call me  
Cause that's not what I need, and that's not the way that  
I see the world.....

I'm gonna finally make you see  
I'm gonna make you learn your lesson with me

Cause I'm not the kind of girl who will lay down at your feet  
Pedal back for your love, come whenever you call me  
Cause you're not what I need  
(No, you're not the one for me no)  
(And I'll never have to let you go)  
(Cause I'm more than that girl in the shadow - I'm telling ya)

Cause I'm not the kind of girl who will lay down at your feet  
Beg for your love, come whenever you call me  
And you'll never see me cry  
(No, you'll never see me cry, no, no, no)  
(And you're never gonna break me no, no)  
(Cause I'm never gonna be what you want me to)  
(I know for sure)  
(I'm not lost in your world)
