

Baptist Blacktick

Pavement

I'm just waiting waiting for the Baptist
That sad suck-off left me in Damascus
I'm just waiting waiting for the Baptist
That sad suck-off, that suck left me now

I'm just wasting, wasting all the Blackticks
Queens way's rockers, 'nough to make your ears twitch
I'm wasting, wasting all the Blackticks
Some reddish shit some grey vision, now.

Well I'm just waiting, waiting for Blacktick
That fucker...ahhhhhhh...

That fucker left me now
That suck left me now
That son left me now.
