

## Brinx Job

## Pavement

It's so funny  
We went down to the store  
We got the money  
So we'll put you down

We got the money, we got the money, we got the money  
We got the money, we got money, we got the money now

It's so funny, we went down to the store  
We got the money so we'll put you down  
It's so funny, we went down to the store  
And I won't even let you home

We got the money, we got the money, we got the money  
We got the money, we got money, we got the money
