

# Major Leagues

Pavement

Lip balm on watery clay  
Relationships, hey hey hey  
You kiss like a rock, but you know I need it anyway  
Angle for the ringside seats, when they fall don't blame me

Bring on the major leagues  
Bring on the major leagues  
Bring on the major leagues  
Bring on the major leagues

How you gonna teach him to walk  
When he can't even finish the, he can't even finish the songs  
Of the law, are they civilized or Satanist?  
Cater to my walls and see if they fall, don't leave me

Bring on the major leagues  
Bring on the major leagues  
Bring on the major leagues  
Bring on the major leagues

They wear you down sometimes, kids like wine  
Magic Christians chew the rind  
'Cause bad girls are always bad girls  
Let's let 'em in

Darling, we're up against it  
And there is no time for  
Tie-ins, tie-ins, tie-ins, go

Bring on the major leagues  
Bring on the major leagues  
Bring on the major leagues  
Bring on the major leagues

They wear you down sometimes, kids like wine  
Magic Christians chew the rind  
'Cause bad girls are always bad girls  
Let 'em in
