

Stub Your Toe

Pavement

Now that it's over
What will you do?
After all the fun times
Are all over you

Generate a life, generate a life
You know it don't take a nation
To generate a life

Now that it's over
What will they say?
Will they pass the mustard
Or will you stub your toe?

Generate a life, generate a life
You know it don't take a nation
To generate a life
