

All Night

Pavlov's Dog

You always talk about the fashion
You always talk about the style
You knocked me off my balance right then
You knocked me off my feet again

Don't know how come you left me
Don't know why you ever stay
But we can watch your laughing, the rain had you crying
And it keeps you to yourself

You call me up
You're calling me, oh no
You can't be denied or believed most of the time
You stay all night long
All night long

When the final cut is over
And you finally made your mark
All the whole world is out there
You'd see it for yourself

I don't know what became of summer
And all the plans you never made
With both of us too loaded to make any sense
Out of anything that we said

And you call me up
You're calling me, oh no
Oh, you can't be denied or believed most of the time
You stay all night long
All night long

When you finally found the secret
You've forgotten 'bout yourself
Romance is hardly out there
And hope is still locked out

And you call me up
You're calling me, oh no
Oh, you can't be denied or believed most of the time
You stay all night long
All night long

And you call me up
You're calling me, oh no
Oh, you can't be denied or believed most of the time
You stay all night long
All night long
All night long
