

# Lost in America

Pavlov's Dog

Had to do something  
You were already gone  
In a whole lot of trouble  
And we couldn't get on  
Ah, you're making me crazy  
And it's a half a year lost in America  
In America  
In America, lost in America

And I don't know why  
I got careless at all  
Oh, and I don't know where  
Oh, I will never find more than you and I  
A whole lot of trouble  
Kept passing it up in America  
In America  
In America  
Well, I'm back lost in America

I don't know why  
I got careless and worn  
Oh, and I don't know where  
Oh, I will never find more than you or I  
A whole lot of people  
Just laughin' us up in America  
In America, lost in America

(I know some way)  
I'm the one you need to know  
(I know some day)  
I'm the one, don't you know?  
(I know some way)  
I'm the one you'll always talk about  
(I know some day)  
Not the one you could live without

Lost in America  
(Lost in America)  
Lost in America  
(I know some way)  
I got lost in America  
(I know some day)  
Oh, and I know some day, baby  
(I know some way)

I'm the one you need to know  
(I know some day)  
I'm the one, don't you know?  
(I know some way)  
I'm the one you'll always talk about  
(I know some day)  
I'm not the one you could live without

Oh, I'm lost in America  
(Lost in America)  
Lost in America  
(I know some way)

I got lost in America  
(I know some day)  
Yeah, and I know some day, baby

(I know some way, I know some day  
I know some way, I know some day  
Lost in America  
I know some way, I know some day  
I know some way, I know some day  
I know some way, I know some day)
