

## 13 Monsters

### Pay money To my Pain

I scream out my anger again  
Spit everything that I hate  
In your eyes I can see  
What are you hiding, what are you trying to say

Stop, it makes me fucking sick  
I'm out, you're lying, mocking me  
I'm pissed and fuck your theory  
This is retarded, I'm not the only one

The darkness surrounds me  
Take's my everything away  
And I feel nothing  
And I feel nothing

In order to see the light  
Sometimes I have to risk the dark  
I know but I can't  
I know but I can't do it now

When the light appears and shines for me  
I'll change, another face shows up  
Do you see? The world is changig  
I am the monster  
You just came out from me

Revenge, attack you, you better run  
It's late, the monsters are on the way  
The gate is open for you  
But nobody knows now, where does the gate lead me

The darkness surrounds me  
Take's my everything away  
And I feel nothing  
And I feel nothing

In order to see the light  
Sometimes I have to risk the dark  
I know but I can't  
I know but I can't do it now

(Life, work, money, hope,  
envy, gossip, mock, untrue  
surface, lie, cry, and and these are created by you)

(Life, work, money, hope,

I know but I can't  
I know but I can't do it now

Take my everything away  
I'll take it back  
No matter how hard you try  
I feel desperate tonight  
I'll stand again, yeah I will fly to the sky

Take my everything away  
I will take it back  
No matter how hard you try  
I feel desperate tonight  
13 monsters ARE MINE!
