Pay money To my Pain

I feel something different
I don't know what it is
Something's really missing in my life
Now I know what it is

My weakness calls out my name
It takes me to the place where I used to live home

Someone talks to me nicely can't trust them
Sometimes you make me feel better feeling not alone
My weakness saying to me let's go back home now

Don' make me feel so (go back home)
Never say you know me
Do you?

Someone whispers to me why not go back home
Sometimes I almost agree "yeah"
But I think is not that time
My weakness staring at me
As my loved one my sweet place
Where she used to sleep with me

I need more time to see to think
I need more time to see to think of you think of you

Don't make me feel so (go back home)
Never say you know me
Don't make me feel so (go back home)
You never know who I am

I don't wanna be like you
I don't wanna be like you
I don't wanna be like you
I don't wanna be like you
Who I used to be

If no one ever hears me or sees me
If no one listens to me cares about me
I will sing for you
I will sing for you
Like I use to do

I feel something different
I don't know what it is
Something's really missing in my life
Now I know what it is

My weakness calls out my name
It takes me to the place where I used to live
