Pay money To my Pain

I feel something different I don't know what it is Something's really missing in my life Now I know what it is

My weakness calls out my name It takes me to the place where I used to live home

Someone talks to me nicely can't trust them Sometimes you make me feel better feeling not alone My weakness saying to me let's go back home now

Don' make me feel so (go back home) Never say you know me Do you?

Someone whispers to me why not go back home Sometimes I alomost agree "yeah" But I think is not that time My weakness staring at me As my loved one my sweet place Where she used to sleep with me

I need more time to see to think I need more time to see to think of you think of you

Don't make me feel so (go back home) Never say you know me Don't make me feel so (go back home) You never know who I am

I don't wanna be like you Who I used to be

If no one ever hears me or sees me If no one listens to me cares about me I will sing for you I will sing for you Like I use to do

I feel something different I don't know what it is Something's really missing in my life Now I know what it is

My weakness calls out my name It takes me to the place where I used to live
