

Paralyzed Ocean

Pay money To my Pain

Let this sound come out more
I'm ready for all this to be over
I'm still stuck in here and nobody can take me out!

someones else's story about your life is so shady.
See all of the things I should control to get myself strong.

Stop thinking so much you are only fooling
I know, you use to be so tough.
still you can if you need theres just one more thing. even if y
ou don't your life keeps going on and on.

Lift up to the music once more this is the only way to save me.
My sacrifice is rewarded but I don't give a fuck!

Stop thinking so much you are only fooling
I know, you use to be so tough.
still you can if you need theres just one more thing. even if y
ou don't your life keeps going on and on.

All this emotion is paralyzed in the ocean
paralyzed yourself

Stop thinking so much you are only fooling
I know, you use to be so tough.
still you can if you need theres just one more thing. even if y
ou don't your life keeps going on and on.
