

## Position

### Pay money To my Pain

Why is it so dark in here? (who knows)  
Ain't got a clue (what?) who's got a liter  
Tell me somebody what's going on  
I can't see anything I'm fucking blind  
Take me to the light Let me out of here  
I don't know what to say It's just so dark  
I feel that someone keeps watching me  
(What's that?) Weakness? Just give me a light

Light up  
I don't know where I'm standing  
Light up  
I gotta find a clue

Light up  
I don't know where everybody goes  
Light up  
Someone's trying to put a fright in my ass

Where is here  
Have I lost my way?  
Time is over  
Please give me another chance

I've been tumbling (just I realized)  
It doesn't feel so old  
I try to remember when was the first time  
(Stop it) you're just wasting your time  
Pain, suffer, sacrifice, that's all you've got in your life  
(Now you really wanna get the light)  
Don't protect your self that makes you weak  
You think you're smart? (Fuck no)  
Then just move on

Light up  
I don't know where I'm standing  
Light up  
I gotta find a clue

Light up  
I don't know where everybody goes  
Light up  
Someone's trying to put a fright in my ass  
Come on! Let me out

You took my girl and my money took my everything  
What do you want from me?  
Your position
