

The Answer Is Not In The TV

Pay money To my Pain

It's just like you wake up in the morning
She brings to you a coffee as usual
Don't open the window I'm still sleepy
(I)don't have any plans to do anything

Turn on the TV, kill the silence
But TV says“today's your lucky day”
It's so annoying you're just such a faker
Over the screen you can say anything

Let's break the TV down
You're gonna understand what you really need
Go on this is your life
You're gonna break it down then you wake up

Let's break the TV down
There's nothing in here that you've been looking for

Go on this is your life
Just get the information only you need

Living this life is not so easy
I here someone's tripping out again
We really need something make us stronger
It's not a drug, it's more spiritual

Turn off the TV and go out side
You don't have to stay at home today
Listen inside, what do you really want?
The answer's already in your hands

The answer's already in your hands
Now it's the time you pay back
You're already holding the answer
Just talk to yourself, you'll find
