

## Unforgettable Past

### Pay money To my Pain

Nothings got my back you've got my headspining around down  
When I stop to see into your world  
It's stuck in the grid

Can't you see? You see this world is yours  
You've never had this feeling  
I know you wanna change your life  
Because I know this world is not enough  
Cuz I don't wanna see  
I only wanna feel that far from the fear

Nothings got my back I've lost my sorrow and my path  
I can't trust you You only think of yourself so selfish

All you guys used to hate each other  
But now you've become friends  
I don't understand what's your real intention  
You used to called each other names  
It's over and over  
It's funny cuz I don't belong any more

Can't you see? You see this world is yours  
You've never had this feeling  
I know you wanna change your life  
Because I know this world is not enough  
Cuz I don't wanna see  
I only wanna feel that far from the fear
