

You're lookin' like love to me

Peabo Bryson

It maybe way too early in the game
For you or me to know how far we'll go
But when I look at you
From any point of view I see
Woah, you're lookin' like love to me

We've only met and yet it feels so right
To see the fire between us come aglow
You make my body melt
I swear I never felt so free
Woah, you're lookin' like love to me

Do I expect too much and move too fast
Do I expect so much, so soon too last
Forever

I'm gonna toss all caution to the wind
And let my deep-down feelings overflow
I bet my life on us
Tonight I tell trust in me
Woah, you're lookin' like love

You make my body melt
I swear I never felt so free
Woah, you're lookin' like love to me
Woah, you're lookin' like love
Definitely, you're lookin' like love to me

So lovely love
Woah, you're lookin' like love to me
Woah, you're lookin' like love to me
