

## Dougal

Peach

You say, "It's a new year"  
I say, "I still want you here"  
You say, "You'd better get your head together"  
I say, "Let's wait for better weather"

Love me through the bad years  
Love me 'til it's spring again  
Love me through my hopes and my tears  
Love me 'til we have no fears

Take me there, in your mind's eye, out of time  
Love me again, before we pass out of time
