

Do Ya

Peaches

Livin' the dream
Whatever that means
It's time to come clean
When you're rockin' the scene

I am the one who will take you
Do you wanna go?
Be in my show
You could shake it a bit
Or scream and sweat
Some people get so wet
They need contact write that

Do ya do ya do ya do ya
Do ya do ya do ya do ya

See that dream
Up on the screen
It's time to come clean
And make your own scene

I am the one who will take you

Some people get so wet
They need contact write that
I am the one who will take you
