

Lose You

Peaches

I don't wanna lose you
I don't wanna lose you
I don't wanna lose you
I don't wanna lose you

How does it happen
All of a sudden
fingertip button
Push it and nothin
How does it happen
All of a sudden
Can't fight the feelin
Someone just stealin'

I don't wanna lose you
I don't wanna lose you
I don't wanna lose you
I don't wanna lose you

Touch on the surface
I've lost the purpose
Hittin' the ceilin'
No more concealing
Wires are crossing
Turning and dancing
Tossing and turning
your insides are burning

I don't wanna lose you
I don't wanna lose you
I don't wanna lose you
I don't wanna lose you

Ooh Oh
Ooh Oh
Ooh Oh Oh
Come over here
Or do we stay clear
There's nothing to fear
Except when were near
I got a bad additude
I'm changin my mood
I wanna bring you
But its not true
Ooooh Ooooh Oh Oh

I don't wanna lose you
I don't wanna lose you
I don't wanna lose you
I don't wanna lose you
I don't wanna lose you
I don't wanna lose you
I don't wanna lose you
I don't wanna lose you
