I'm just wonder you zippers broke  
Mother rolled you over like a monster truck  
Are you pregnant and I say good luck  
Combo sisection tummy tuck  
While your under the gas  
Get you backs on up  
So I can bust a brown cherry cheese popcorn puff  
One more I get your bone enlarged  
Cuz mommy wants to ride the top  
Nipple to the bottle you satisfied  
Huddled on the floor, it'll make you cry  
Don't speak don't think don't ask why  
Don't every leave mommy  
Don't say goodbye
