

# Talk to Me

## Peaches

Why don't you talk to me?  
I'm standin here alone  
I know you'll never phone

Why don't you talk to me?  
Why don't you talk to me?  
come say it to my face  
so we can leave this place  
Why don't you talk to me?

what your thinkin I would never know  
nows the time for you to let it go  
let it be and hold you tight  
scream at me for just one night

Why don't you talk to me?  
Why don't you talk to me?  
come on and dig your horns  
instead of dirty looks  
Why don't you talk to me?

Stop  
you've got no where to go  
no blame, no shame  
this ain't a peaches show  
its just me and you  
its just me and you  
its just me and you  
its just, me and you

there's no wall for you to hide behind  
stop pretendin that the problems mine  
lift your head and look me dead in the eye  
what made you so bitter inside

Why don't you talk to me?  
Why don't you talk to me?  
because I'm standin here  
I got an open ear  
Why don't you talk to meeee?

Go, go, go  
come on  
spit it out  
rolls off your tongue  
right out your pretty mouth  
you've got to say it to believe it  
got to say it to believe it  
got to say it, got to say it say it say it say it

Say Why don't you talk to me?  
Why don't you talk to me?

Why don't you!  
talk to me  
talk talk to me  
talk to me

talk talk to me (to me)  
talk to me  
talk talk to me (Why don't you talk to me?)  
talk to me  
talk talk to me
