

All Night

Pearl Jam

Got all night
Plenty of time
Take these chains
From my eyes

So alive
Gettin 'it prime
Take 'em there
Before you die

Why be satisfied
We've got all night
Please be here
Top of the stairs

No place for
The president
Build some fears
Left outside

Fuck, be content
To just get by
Why be satisfied
We've got all night

You scream and wail
You see who cares
Scream and wail
See who cares

Life has nothin' to do with
Killin' time
So why be satisfied
We've got... all night

We've got all night
We've got all night...
