

# All Night

Pearl Jam

Got all night  
Plenty of time  
Take these chains  
From my eyes

So alive  
Gettin 'it prime  
Take 'em there  
Before you die

Why be satisfied  
We've got all night  
Please be here  
Top of the stairs

No place for  
The president  
Build some fears  
Left outside

Fuck, be content  
To just get by  
Why be satisfied  
We've got all night

You scream and wail  
You see who cares  
Scream and wail  
See who cares

Life has nothin' to do with  
Killin' time  
So why be satisfied  
We've got... all night

We've got all night  
We've got all night...
