

# Alone

Pearl Jam

Wide awake and he shakes in a panic  
Never woke up alone ever before  
Had his woman long as he can remember  
Tries to forget, but he can't, he can't  
Out of bed and he dreams in the shower  
She's standing naked and apologizing  
Reaches for her 'till his mind becomes blood hot  
Woken up to be burned, burned, again  
Go it alone  
You got it, so it goes  
I want to breathe and I said  
I can't take it any other way

On the streets he's walkin', wounded  
Doesn't smile for the child at play  
Thoughts of suicide and alleviation  
Anything to get his heart off of the coals  
Does he fly away or just talk about it  
Like a seagull born to cry in the wind  
All experiences lead to a young girl  
Alone you will meet the one who lies in wait  
Go it alone  
You got it, so it goes  
Try to breathe, but you can't  
You can't take it any other way, yeah, yeah

Myself, don't talk to me  
I can help myself, don't talk to me  
I can help myself, myself  
I can help myself, don't talk to me  
I can help myself, don't talk to me  
I can help myself, don't talk to me  
I can help myself, myself

Myself, don't talk to me  
I can help myself

Wide awake and he shakes in a panic  
Never woke up alone ever before  
Had his woman long as he can remember  
Tries to forget, but he can't, he can't, he can't, he can't
