

## Chloe Dancer

Pearl Jam

Chloe don't know better,  
Chloe's just like me, only beautiful.  
A couple of years difference,  
But those lasses never learn, and you know.

Chloe danced the tables in the French Quarter,  
She's always been given so I can't always make her laugh.  
But I'm proud to say and I won't forget  
The time spent laying by her side,  
The time spent laying by her side.

And dreams like this must die,  
A dream like this must die  
And dreams like this must...
