

Got Some

Pearl Jam

Every night with the lights out, where you gone?
What's wrong? Ah
Every time you can try, but can't turn on, your rock song

got some if you need it,
I got some if you need it
I got some if you need it,
I got some if you need it

Turn it up, turn it up
before it's gone,
let's everybody carry on, carry on
Turn it up, turn it up,
before its gone,
let's everybody get it on, get it on

precipitation, which side are you on?
Are you on the rise, are you falling down?
Let me know, c'mon let's go. Yeah

got some if you need it,
I got some if you need it
I got some if you need it,
I got some if you need it

Turn it up, turn it up,
before we're gone,
let's everybody carry on, carry on
Turn it up, turn it up,
before its gone,
let's everybody get it on, get it on

Get it now, get enough,
before its gone,
let's everybody carry on, carry on
Turn it up, set it off,
before its gone,
let's everybody carry on, carry on

This situation, which side are you on?
Are you getting out or are you dropping bombs?
Have you heard of diplomatic resolve? Yeah

Precipitation, which side are you on?
Are you trying hard, are you on the rise?
Let me know, c'mon let's go. Yeah

got some if you need it
I got some, oh, oh

Turn it up, turn it up,
before its gone,
let's everybody carry on, carry on
Turn it up, turn it up,
before its gone,
let's everybody get it on, get it on

This situation, which side are you on?
Are you getting out, are you dropping bombs?
Have you heard of diplomatic resolve? Yeah

Precipitation, which side are you on?
Are you getting out, are you a big dropped bomb?
Are you a puddle full of detriment? Oh

Got some, I got some
Carry on, carry on
got some if you need it,
I got some if you need it
Carry on, let's go
