Pearl Jam

You fool, dude what do what you think you're doing?  
So you're lost, my problem, that's not  
Conductor says, "off of my train"  
We understood, guest/host relationships ain't my thing  
Even if I could, you ain't the kind of person I would help anyw  
ay  
I'm about to explode  
Cause I can't carry your load  
Hitchhiker, go, hitchhiker  
You're cool, and cold in your calculations  
We're friends, only because of my situation  
I'm about to unload  
Cause I can't carry your load  
Hitchhiker, go, hitchhiker  
Hitchhiker  
So be gone, too soon is too late  
I don't want no delay  
So be gone, get your food off someone else's plate  
Go tell all your friends  
I'm an idiot and you're great  
Hitchhiker, hitchhiker  
Now go, hitchhiker, go, hitchhiker
