

# Light Years

Pearl Jam

I've used hammers made out of wood  
I have played games with pieces and rules  
I've deciphered tricks at the bar  
But now your gone  
I haven't figured out why  
I've come up with riddles  
And jokes about war  
I've figured out numbers and what there for  
I've understood feelings  
And I've understood words  
But how could you be taken away

And wherever you've gone  
And where ever we might go  
It don't seem fair  
Today just disappeared  
Your lights reflected now  
Reflected from a far  
We were but stones  
Your light made us stars

With heavy breath  
Awakens regrets  
Back pages and days alone the could've been spent  
Together but we were miles apart  
Every inch between becomes light years now  
No time to be void  
Or save up on life  
Uh you've got to spend it all

And wherever you've gone  
And where ever we might go  
It don't seem fair  
You seem to like it here  
Your lights reflected now  
Reflected from a far  
We were but stones  
Your light made us stars

And wherever you've gone  
And wherever we might go  
It don't seem fair  
Today just disappeared  
Your lights reflected now  
Reflected from a far  
We were but stones  
Your light made us stars

Repeat till end
