

# Marker in the Sand

Pearl Jam

There is a marker  
No one sees it 'cause the sand  
Has covered over all the messages it kept  
Misunderstanding, what original truth was  
And out expanding, in a faith, but not in love

What went wrong?

Walking tightrope high over moral ground  
Seeing visions of falling up somehow  
Do come down

With the living let what is living love  
So unforgiving, yet needing forgiveness first

God, what do you say?

Those undecided needn't have faith to be free  
And those misguided, there was a plan for them to be  
Now you got both sides claiming killing in god's name  
But god is nowhere to be found, conveniently

What goes on?

Walking tightrope high over moral ground  
Walk the bridges before you burn them down  
Do come round

With the living let what is living love  
Unforgiving, yet needing forgiveness first

God, what do you say? What do you say?

I feel a sickness. A sickness coming over me  
Like watching freedom being sucked straight out to sea  
And the solution? Well, from me far would it be  
But the delusion is feeling dangerous to me

What goes wrong?

Walking tightrope high over moral ground  
Seeing visions of falling up somehow  
Do come down

With the living, let what is living love  
Are forgiving, yet needing forgiveness first

What do you say? God, what do you say?  
What do you say?

Calling out, calling out  
Calling out, calling out
