Rearviewmirror

I took a drive today Time to emancipate I guess it was the beatings made me wise But I'm not about to give thanks, or apologize I couldn't breathe, holdin' me down Hand on my face, pushed to the ground Enmity gaged, united by fear Forced to endure what I could not forgive

I seem to look away Wounds in the mirror waved It wasn't my surface most defiled Head at your feet, fool to your crown Pissed on my plate, swallowed it down Enmity gaged, united by fear Tried to endure what I could not forgive

Saw things [Repeat x4] Clearer [Repeat x2] Once you, were in my rearviewmirror

I gather speed from you fucking with me Once and for all I'm far away I hardly believe, finally the shades, are raised, hey

Saw things so much clearer Once you, once you [Repeat x3] Rearviewmirror

Saw things so much clearer Once you, oh yeah
