

Spin the Black Circle

Pearl Jam

See this needle
Oh see my hand
Drop, drop, dropping it down
oh so gently
here it comes
touch the flame
Turn me up
won't turn you away

Spin, spin
spin the black circle
Spin, spin
spin the black, spin the black
Spin, spin
spin the black circle
Spin, spin
whoa

Pull it out
a paper sleeve
Oh my joy
only you deserve conceit
Oh I'm so big
and my whole world
I'd rather you
rather you, than her

Spin, spin
spin the black circle
Spin, spin
spin the black, spin the black
Spin, spin
spin the black circle
Spin, spin
whoa

Oh you're so warm
oh, the ritual
as I lay down your crooked arm

Spin, spin
spin the black circle
Spin, spin
spin the black, spin the black
Spin, spin
spin the black circle
Spin, spin

[Repeat: x5]
Spin the black

circle

Spin the black circle
Spin the black circle
