## I Saw The World

## **Pearls Before Swine**

I saw the world
Spinning like a toy
Hate seems so small
Compared to it all
So why don't you do joy

Hate is a chain
It all comes back again
Everything you do
Returns at last to you
So why don't you do love

Why must you stand Holding your own hand Why won't you see me Why won't you help me Why won't you love me
