

## Indian Summer

Pedro the Lion

Ultra-violet rays wash over  
All the boys and girls  
As their moms lay tanning by the pool  
Oh, look, their dad's arriving home  
All the children hug his neck  
Unaware of their inheritance

All the experts say you ought to start them young  
That way they'll naturally love the taste of corporate cum

God bless the indian summer  
God bless the indian summer  
God bless the indian summer

Don't you just love the sun  
Doesn't it make you feel good all over

It's my pleasure to announce  
In conjunction with the fed  
And my recent popularity

Thanks in part ot mother nature  
It will never rain again  
It should do wonders for the GNP

If you're just joining us now  
You've missed a brilliant speech  
We go now live to the streets  
To find out what the voters think  
He's worked a miracle  
I just now bought a brand new car

God bless the indian summer
