

## The Longer I Lay Here

Pedro the Lion

you're up with the sunrise  
and down when the work's been done  
with excellence industry  
dilliegence naturally

i would like to be you  
just for a few habit forming years  
laziness cuts me like fine cutlery

i need a miracle someone to help me help myself

sweet jesus i need you  
forgive me this sin  
not hookers or heroin gambling or gin  
it sounds so ridiculous but i just can't lick this
