

# Bewitched

Peggy Lee

Bewitched, Bewitched,  
You've got me in your spell  
Bewitched, bewitched,  
You know your craft so well  
Before I knew what you were doing  
I looked in your eyes  
That brand of woo you've been brewin'  
Took me by surprise

Bewitched, Bewitched  
One thing is for sure  
That stuff you pitch  
Just hasn't got a cure  
My heart is under lock and key  
Somehow you got unhitched  
I never thought my heart could be had  
But now I'm caught and I'm kinda glad  
To be bewitched, bewitched

[Instrumental]

My heart was under lock and key  
Somehow it got unhitched  
I never thought my heart could be had  
But now I'm caught and I'm kinda glad  
To be bewitched, bewitched  
Bewitched, bewitched, bewitched, [Fade]
