Full Moon

Peggy Lee

I've been living with a shadow overhead I've been sleeping with a cloud above my bed I've been lonely for so long Trapped in the past, I just can't seem to move on

I've been hiding all my hopes and dreams away Just in case I ever need 'em again some day I've been setting aside time To clear a little space in the corners of my mind

All I want to do is find a way back into love I can't make it through without a way back into love, oh oh oh

I've been watching but the stars refuse to shine I've been searching but I just don't see the signs I know that it's out there There's got to be something for my soul, somewhere
