

# Sans Souci

Peggy Lee

Sans souci, ah, sans souci  
They got no room here for someone like me

Oh, the mountains start to giggle  
When the springtime waters wiggle  
Down the mountainside

I can hear the fishes swishing  
Just as loud as I'm a wishing  
When I hit the tide

Go, go, go, go  
Go, go, go, go

Sans souci, ah, sans souci  
They got no room here for someone like me

Go, go, go, go  
Go, go, go, go

Try to tell me I was evil, try to trample on my soul  
Try to make me think that they were righteous  
But the plot of the lie was whole

Go, go, go, go  
Go, go, go, go

Sans souci, ah, sans souci  
They got no room here for someone like me

Ah, the earth, it starts a squaking  
'Cause it knows that love is walking  
And it ain't no dream, no, you ain't no dream  
Sans souci, you ain't no dream

Go, go, go, go  
Go, go, go, go

Try to tell me I was evil, try to trample on my soul  
Try to make me think that they were righteous  
But the plot of the lie was whole

Go, go, go, go  
Go, go, go, go

Feel yourselves with all laughing and talking  
That used to be

Go, go, go, go  
Go, go, go, go  
Go, go, go, go  
Sans souci
