There's a kind o' walk you walk When the world's undone you,
There's a kind o' walk you walk When you're walking proud

There's a kind o' walk you walk When the neighbors shun you There's a kind o' walk you walk Sets you 'bove the crowd

There's a kind o' walk you walk When somebody loves you That's very much like walking on a cloud

Good fortune found you, chappie And your lives are happy, Valentine When you're walking happy Don't the blooming world seem fine

There's a kind o' walk you walk When you feel like crowing There's a kind o' walk you walk When you're on your way

There's a kind o' walk you walk When your pride is showing There's a kind o' walk you walk Today's your day

There's a kind o' walk you walk
When the world's a rainbow
And you heart is popping like a popping jay

So you had best believe it, chappie You're finding life is finger snappy The day you learn that walking happy Gives the world a shine

So just keep walkin' happy with your hand in mine With your hand in mine, keep your hand in mine Love your hand in mine
