

# The Vulture

Pendulum

It's the rise of the vulture  
I'm feeling the panic  
All those who are nervous  
With loss of dynamic  
Your blood's been poisoned  
If your heart is Sour  
Hear the sound of the War Drums

We're taking the power!  
(We're taking...the power.)  
We're taking the power!  
(We're taking...the power.)

It's the rise of the vulture  
Gonna keep on climbing  
No chance of escape  
No use in hiding  
Into the eye of the storm  
With the silver lining  
To the point where it breaks  
Gonna keep on grinding.

(We're taking...the power.)  
We're taking the power!  
(We're taking...the power.)
