

Movement

Penetration

Movement in the trees
And movement of the pendulum
Moving up the scale
We'll tango to the dance beat
Movement in the heart
And action on the battleground
Moving in the circles
Pushing through the crowd

Hey baby we're moving
Hey baby we're moving

Caught up in the scheme
Mixed up in a moving dream
Music in the motion
Rhythm just repeats, repeats
Echoes multiply
And waves of sound are lost in space
Motion of the wheels
And pulling of the strings

Hey, hey baby we're moving
Hey, hey baby we're moving

Moving to the music
Music and the avant garde
Moving out of reach
Well, can't get back you've gone too far
Justify the motion
Quicken up the dance beat
Movement in the heart
And movement in the feet

Hey, hey baby we're moving
Hey, hey baby we're moving
Hey, hey baby we're moving
Hey, hey baby we're moving
