

All or Nothing

Pennywise

What's the fucking problem with this World today
you've become what they wanted and now you're numb
when will you stand up and say
We're living with decisions of the feeble minds
the limits are intended and imposed by time
A poison disease called complacency
is taking control of our lives

R: We'll never know
until we try
the times is now
It's all or nothing
We are alive
It's do or die
We must believe
it's all or nothing now

Why don't you take a look around you
the answers lie in your Mind
it's up to each and every one of us
Until the day that we die
we only need to motivate and realize
alleviate the censure and you'll redefine
defeat the disease so you can break free
from the struggles you hold deep inside

R:

We will never know
unless we really try
you will never see
that there's so much to life
I have stood confused
but now i'm open eyed
we're never going to slow down
I believe that we can move on
Conquer our goals and right what is wrong
I believe that we can stay true
true to ourselves and find something new
find something new

R:

I believe that we can move on
Conquer our goals and right what is wrong
I believe that we can stay true
true to ourselves and find something new
find something new
