

This Is Only a Test

Pennywise

This is only a test of the emergency broadcast system
This is the product of hysterical mass confusion
A ship of fools adrift on the winds of our pollution
Rudderless and powerless in the sea of our delusion
(2x)

R: We're all alone

Hoping one day soon someone will save us from ourselves
Secretly all knowing that as far as we can tell

The world has a hungry parasite that is called the human race

And we're powerless to stop it we're resigned to our own fate

And no one cares
And no one cares

This is only a test of the emergency broadcast system
This is the result of our own reckless ambition
The castles we have built have all become our prisons
Trapped by our arrogance and the weight of our indifference

This is only a test of the emergency broadcast system
This is the product of hysterical mass confusion
A ship of fools adrift on the winds of our pollution
Rudderless and powerless in the sea of our delusion
