

## Unknown Road

Pennywise

"...two roads diverged in a wood, and i - i took the one less traveled by, and that has made all the difference." r. frost

So you're currently content with your surroundings  
You possess a vague sense of accomplishment  
Did you give all you had to give or did you  
give conservative  
Do you think that all the years that passed you  
by we're all well spent  
Pictures of everyday life spark memories  
And certain things pull triggers in your mind  
What would be different now if you were  
there than here.  
What passages, what fantasies lie just  
beyond the unknown road  
Do you know, the miracles that could  
be found they're waiting down the  
unknown road, so it goes  
A few more cornerstones that could be yours  
Ever get the thought you were mistaken?  
Ever think about the stones you've left  
un-turned? More chances slip away with  
every passing day, suffering with cold  
You're so afraid you might get burned.  
And wondering can take it's toll yeah  
And wondering you can rack your skull  
And wondering can send your  
imagination up a tree  
Wondering what fantasies lie just  
beyond the unknown road  
Time is right now of the essence  
Time is right to learn your lessons  
Time is all that you have left  
things you've contemplated  
the unknown road is one
